To all members of the UAGM Carolina - Tampa Branch Campus Community

Universidad Ana G. Méndez (UAGM), Carolina Campus announces the closure of its Tampa Branch Campus effective July 31, 2024.

The closure is part of the institution's long-range restructuring plan to a single university under a single-name and administrative structure. The Tampa Branch Campus had active students under the UAGM Carolina Campus academic offerings until the end of the second semester in May of 2024.

The university will continue to provide student support services in accordance with all policies and services outlined in the Academic Catalog.

The university provides proper access to former students and alumni to their student records through the website <https://usa.uagm.edu>. To request official transcripts and duplicate diplomas, former students and alumni can do so by submitting a request via studentservicesrequests@uagm.edu or contacting us at 1-800-774-3030.

Additionally, alumni will have access to Career advising and career development support via careerplacement@uagm.edu.

The Tampa Campus will continue its operations as part of the Ana G. Mendez University (AGMU), the U.S.-based institution accredited by the Middle States Commission on Higher Education since 2016 and licensed by the Florida Commission on Independent Education (CIE).
