

## **Master of Science in Nursing in Family Nurse Practitioner**

**Credits: 51**

### **Specific Program Admission Requirements**

Admissions to the Family Nurse Practitioner is holistic including work and life experience as well as academic performance.

1. Bachelor of Science in Nursing from an accredited institution
2. Preferential admissions consideration is given to applicants with a 3.0 or higher.
3. Basic statistics course at the baccalaureate level or higher (3 credits).
4. Active, unencumbered license to practice as a registered nurse in the state of Florida.
5. Current Resume or CV
6. Complete an Interview process with the Director of Nursing or their representative.

### **Program Description**

The Family Nurse Practitioner (FNP) track prepares registered nurses for leadership in primary care to families and individuals of all ages. With a focus on delivering high-quality, patient-centered primary care, the program offers both didactic and clinical experiences that prepare nurse practitioners to care for the physical, mental, emotional, social, and spiritual health of patients, families, and communities. This program prepares students to sit for national certification as family nurse practitioners.

### **End-of-Program Student Learning Outcomes**

1. Synthesize theoretical and empirical knowledge from sciences, technology, and nursing, as a basis for nursing scholarship.
2. Develop personal, professional, and leadership skills that support interprofessional practice.
3. Apply evidence-based practice and clinical reasoning to provide individualized, culturally competent patient-centered care.
4. Integrate technology to promote population health.
5. Apply quality and safety strategies to systems to promote health outcomes.

### **Programmatic Academic Achievement Requirements**

1. Students must maintain a cumulative GPA of 3.0.
2. A minimum grade of B is required to pass courses with the NRSE prefix.

Program sequence will be available at the time of enrollment.

The language of instruction and program delivery modality are subject to availability and may vary between locations.
